## BAROS POOL VILLAS ...

For lovers of the good life, Baros has always been the best. Now the best just got even better.

To enhance the refined luxury of a holiday on one of Nature's special islands, we are adding five exclusive Pool Villas right on the beach, opening in November. Each Villa stands alone in a secluded tropical glade with a private swimming pool of pure translucence, just a few steps away from the turquoise lagoon lazily lapping against the shore.

Each Baros Pool Villa is the epitome of sophisticated design. The four-poster bed sitting deep within the Villa looks out over the veranda and sundeck to the pool, beach and sea. There is also a daybed in the shade on the veranda, sun loungers for two, and a table on the wooden deck for in-Villa dining under the stars.

Natural light floods the Villa's beautiful interior, and the gorgeously contemporary bathroom has a discreet outdoor garden rain shower. The television is concealed in an ottoman, wine is in the chiller, and a dedicated resort host can be summoned at any time.

There are only five Baros Pool Villas – perfect for couples who want to share romantic moments in rustic, tropical simplicity with ultra-modern amenities at a great price.
