

Baros named as the “World’s Most Romantic Resort”

The private Maldivian-owned boutique island resort of Baros has won the title of “The World’s Most Romantic Resort” for the sixth time.

The award was presented at the 25th annual World Travel Awards final held in Lisbon, Portugal, on 1 December 2018. The World Travel Awards serve to acknowledge, reward and celebrate excellence across all sections of the global travel and tourism industries. Baros won the Award in competition with resorts from nine regions representing the best romantic destinations around the world.

Baros is a retreat offering complete privacy, designed especially for couples whether on honeymoon, commemorating an anniversary or simply embracing romance. Ceremonies celebrating the renewal of wedding vows are arranged on the beach under palm trees, on a sandbank, on a lagoon Piano Deck, or on a traditional sailing *dhoni*. No traffic, motorised water-sports or unnecessary noise shatter the resort’s tranquillity, preserving the true essence of a romantic holiday.

Mr Jay, the general manager of Baros, expressed gratitude on behalf of all those associated with Baros, saying: “This award encourages us at Baros because it was made after assessment by industry professionals as well as through recommendations by guests. We aim to make sure our guests enjoy the exclusive seclusion, luxurious comfort and exquisite cuisine that are the hallmarks which have made us the World’s Most Romantic Resort.”

Baros is a bijou tropical island of 75 individual Villas either overwater or by the beach, many with pools, one Baros Residence, and two newly introduced large Baros Suites each with a private lounge and pool with Jacuzzi, shaded with lush vegetation and provided with round-the-clock service. There are three gourmet-class restaurants, two bars, a spa, an infinity swimming pool, nature trails and diving expeditions. It is conveniently located only 25 minutes by speed boat from the Maldives International Airport.
