

A legend in motion - Baros introduces exciting new changes in products and services

Baros, the award-winning resort in the Maldives, has recently undergone a major identity enhancement introducing impressive changes in products and services.

Introduction of a brand new website with new features including 360 tours of Baros Villas initiated the exciting new changes to Baros.

A new category of Villa accommodation has been added and branded as Baros Suites. These Baros Suites are private, stand-alone Villas providing guests with a modern, luxurious living space, complete with a spectacular, 19 ft by 10 ft swimming pool, a separate hot and cold water Jacuzzi and a secluded gazebo that features a swing with a view of the ocean stretching to the horizon.

In addition the existing Baros Water Villas, Baros Pool Villas and Baros Deluxe Villas have all been upgraded with new furniture, bright colours and high-quality materials to enhance guest comfort and improve each Villa's elegant style.

The Baros Dining Experiences are better than ever following new designs of the Sails Bar and lagoon-side Cayenne Restaurant.

Baros has also refined the loyalty programme for returning guests, known as "Baros Elite." Elite membership now entitles guests to free nights, Spa credits, complementary dinners and other special discounts after just two seven-night holidays at Baros.

The restoration of the house reef to its natural, pristine glory has been advanced with a new project called Coral Lines. This uses a method that is environmentally sustainable and close to nature. Fragments of coral are collected and attached to ropes hanging in the lagoon nursery which are then nurtured for one to three years before being planted directly on the reef. This hands-on method encourages the growth of corals in their natural habitat without any artificial structures.

Baros is celebrating its 45th anniversary this year and the legacy of this bijou island is carried forward throughout the enhancement and enrichment. In celebration of the Maldivian legacy, Baros is offering a special package through its website branded as "Essence of Maldives".

Voted the Top Luxury Resort of the year by TripAdvisor Traveller's Choice, Baros is a small, lushly landscaped, private tropical island of 75 overwater and beachside garden Villas and white sand beaches set in a turquoise lagoon, just 25 minutes by speedboat from the Maldives International Airport.
